

10.19Feb. Project1: CRUD

19 February 2023 04:55 PM

Node.js + MongoDB + REST API + Express + Mongoose Model + POSTMAN

- 1) npm init
- 2) npm install express mongoose cors --save.
- 3) server.js

```
app = express(use cors, urlencoding)
```

```
app.get("URL", (req, res) => {  
  //  
});
```

```
app.listen(PORT, () => {  
  //  
});
```
